

# CHANNEL SALE PORTAL SITE APAC CREATIVE-PROPOSAL

2015.02.25

CHANNEL SALE PORTAL SITE

# SITE MAP

[Live Demo](#)

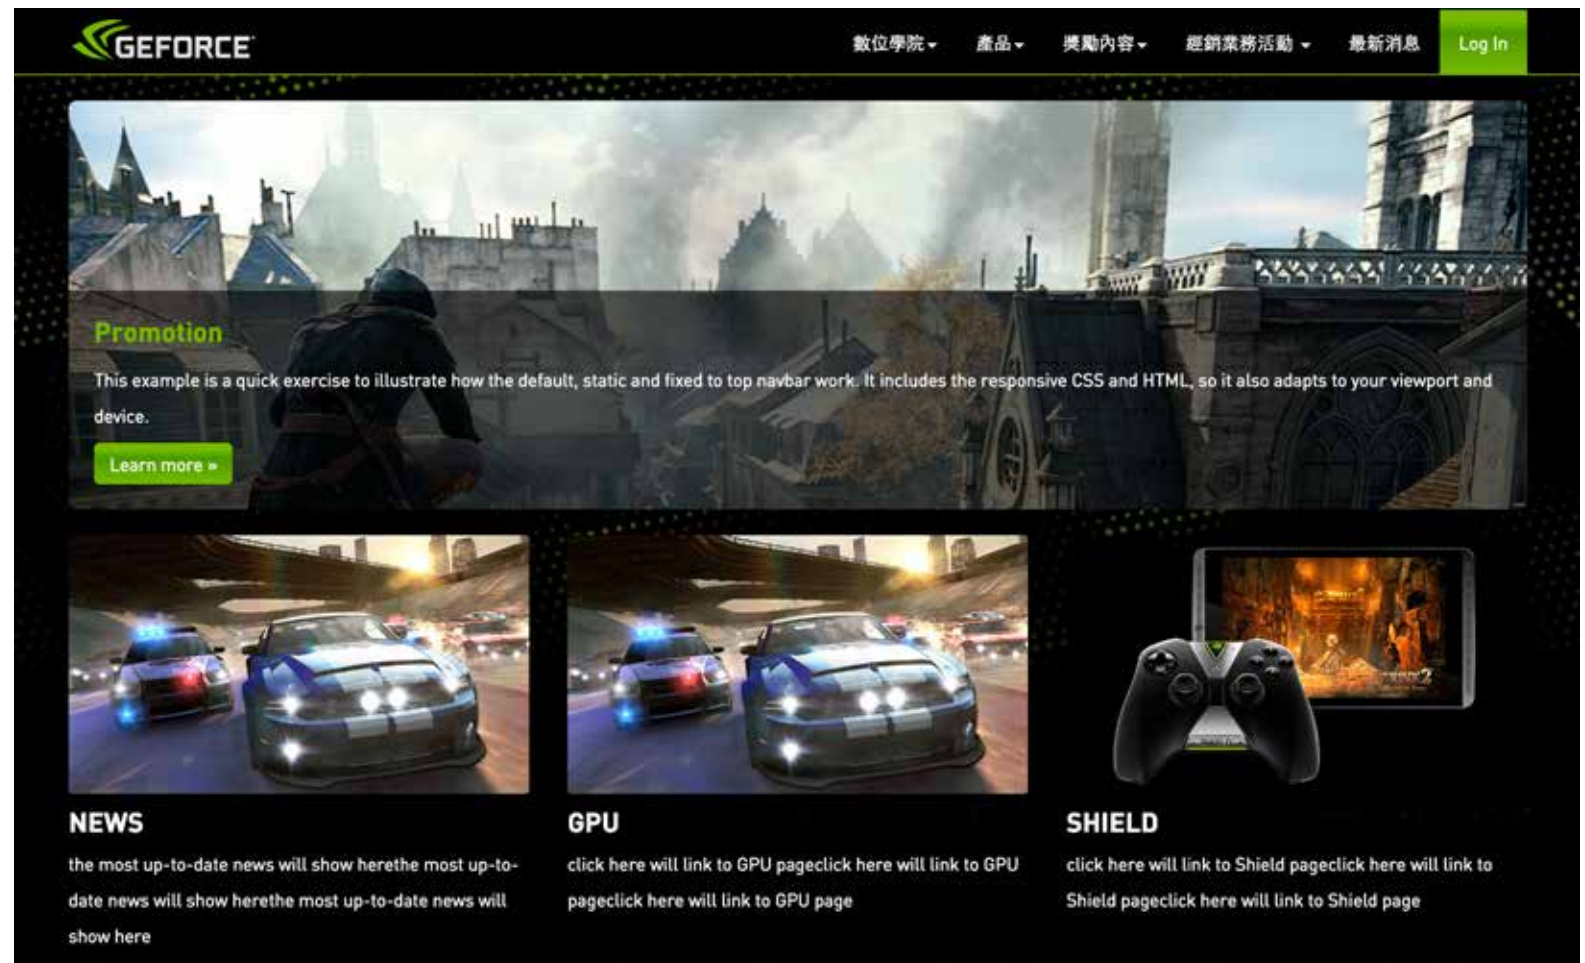

**Project Description:** The site aims to provide channel partener a mobile-based platfrom, allowing them easily get crucial info without browsing the whole official site. I used Bootstrap, an open source developed by Twitter, to create the mockups. There are pros and cons of using open source. In this case, I see more good points of using it.
